

ACKNOWLEDGEMENT

The Joint Entrance Examination (JEE) for admission to fifteen Indian Institutes of Technology, Institute of Technology, BHU and ISM Dhanbad is amongst the most popular and sought after entrance examinations in our country. With increase in the number of institutions and increase in the number of seats, the number of candidates appearing in this prestigious examination has exceeded four hundred and eighty thousand. We have been conducting this examination for about 50 years now. This examination is conducted all over the country by seven IITs, each of which represents a zone. Each year, one of these seven zonal IITs takes the lead role as the Organising institute. For JEE 2011, IIT Kanpur served as the Organising institute.

Conducting an examination of this importance and magnitude involved the support and cooperation of many individuals and institutions. We thank Prof S.G. Dhande, Director, IIT Kanpur who is the Chairman of the Joint Admissions Board (JAB) for his invaluable support, advice and presence in need. Words simply cannot describe our gratitude to him. We thank the Directors of all the seventeen participating institutions for their cooperation, support and contributions. We thank the fifteen members of the Joint Implementation Committee (JIC) who have planned the execution and implementation of all the activities related to JEE 2011. We also thank Prof. R.K. Thareja, Deputy Director, Mr. S.S. Kashalkar, Registrar and Mr. C.P. Singh, Deputy Registrar of IIT Kanpur for their help and cooperation whenever we needed them.

Several faculty members, technical and administrative staff members of all the IITs have taken part in many activities, be it confidential work or being an institute representative for conducting the examination. We thank all the faculty and staff who have contributed to the conduct of JEE 2011.

We also thank the staff working in the JEE offices of all the participating institutions. They have spent sleepless nights in ensuring that all the tasks have been carried out in time. We particularly mention the work of the staff of the JEE office, IIT Kanpur, Mr. P.K. Mohanty and the technical staff Mr. Arvind Misra for their commendable contribution.

JEE 2011 – Results

The Joint Entrance Examination for the year 2011 (JEE 2011) was conducted on Sunday, April 10 2011 at **1051** examination centres in 131 cities all over India and in Dubai. The results of JEE 2011 was announced as per schedule on May 25, 2011. The results were processed as per the decisions made in the Joint Admissions Board (JAB) meetings held on 21 August 2010 at IIT Kanpur and on 5 June 2011 at IIT Kanpur based on approvals obtained by Chairman JAB. The results were displayed on the JEE websites (of the seven zones) and on notice boards of seven IITs.

The table below provides a brief category-wise summary of the number of candidates who appeared and qualified in the examination.

Candidates	GE	OBC	SC	ST	Total
Appeared	266853	138115	45182	18130	468280
Qualified	8010	2589	1951	646	13196

Total registered candidates = 485136

A common merit list (CML) of **9618** candidates was prepared without any relaxation in criteria. This list contains **7923** General (GE), **1540** OBC, **122** SC and **33** ST candidates. This list also includes **16** candidates who declared themselves as foreign nationals and **23** candidates who declared themselves as DS candidates.

Separate merit lists were prepared for OBC, SC, ST and PD candidates with relaxations of 10%, 50%, 50% and 50% of marks of the last candidate in the CML, respectively. These lists contained 2545 OBC, 1951 SC, 646 ST and 146 PD candidates. In all 13196 candidates were eligible for counselling for seats in 17 institutions.

A total of 2267 PD candidates (based on self declaration) appeared in JEE 2011 and 146 of them qualified based on the relaxed norms. Out of these 96 were GEPD, 46 were OBCPD, 1 was SCPD and 3 were STPD candidates. Only 4 candidates qualified in SCPD and STPD categories while 75 seats were available in these categories.

JEE2011 was conducted for admissions to 15 IITs, ITBHU and ISM Dhanbad. The fifteen IITs are at Bhubaneswar, Bombay, Delhi, Gandhinagar, Guwahati, Hyderabad, Indore, Kanpur, Kharagpur, Madras, Mandi, Patna, Rajasthan, Roorkee and Ropar. The total number of seats available in these 17 institutions across all categories was **9627**.

As per the directives of the Chief Commissioner for Person with disabilities and decision of the JAB, 3% of the seats available in each vertical category were reserved for PD candidates. A roster system to reserve the PD seats across various institutes and courses was followed in 2011 continuing on the 2010 roster.

The breakup of seats for different categories across all the 17 institutes is as follows:

	GE	OBC	SC	ST	Total
Total Seats available	4853	2603	1440	731	9627
For PD candidates	150	77	47	28	302
For non PD candidates	4703	2526	1393	703	9325

Counselling

The counselling process for the seat allotment to the JEE-2011 qualified candidates was made on-line through a software called JCOP prepared by a team of Faculty Members and Students from the Computer Science and Engineering Department of IIT Kanpur. This includes the on-line payment of the counselling fee of Rs.1000 through NEFT or credit and debit cards and the online filling up of the choices during the first round of seat allocation starting from 25th May 2011 till 17th June 2011. For the first time in JEE-2011, it was decided in an emergency JAB meeting that three rounds of counselling will be held to fill the maximum number of seats in all IITs, IT-BHU, Varanasi and ISM Dhanbad. Candidates sent the hard copies of the documents (admission form, medical certificate, certificate and marks of qualifying examination and the caste certificates, if applicable) by post to respective zonal JEE offices from where the admit card was issued. The last date for receiving required documents at respective zonal IITs was announced in the Counselling Brochure as 10th June 2011. The results of the first round of seat allocation were announced on 21st June 2011. Immediately following the results of the first round of seat allocation, candidates who were allotted seat were supposed to pay the registration fee of Rs. 40,000 (for the GE and OBC category candidates) and Rs.20,000 (for the SC/ST category candidates) on-line through NEFT or credit and debit cards. An arrangement of Payment Gateway was made with the Civil Lines Branch of the HDFC bank in Kanpur. In case a candidate did not pay the registration fee within the deadline of 30th June 2011, the seat allotted to him/her was cancelled. A candidate, who was not allotted a seat in the first round of seat allocation, had to wait for the subsequent rounds for the possible allocation of seat. The results of the second round of seat allocation were announced on 1st July 2011. A total number of 618 candidates did not get any seat during the first round and got a seat in the second round. These candidates had to pay the registration fee on-line by 6th July to accept the offer. Web release of third round of seat allocation was announced on 10th July 2011. A total number of 304 candidates were offered seat newly in the third round of seat allotment.

Summary of the zone wise candidates qualified and those who paid counselling fees, at the time of seat allocation is given below:

Institute (zone)	Candidates Qualified	Candidates who paid counselling fees
IIT Bombay	3248	3126
IIT Delhi	2106	1987
IIT Guwahati	534	519
IIT Kanpur	1523	1462
IIT Kharagpur	1511	1446
IIT Madras	3049	2806
IIT Roorkee	1225	1168
Total	13196	12514

Main Report and Tables

A

The 146 PD candidates were called for medical examination, which was conducted on 8th, 9th and 10th June 2011 in Bombay, Delhi, Guwahati, Kanpur, Kharagpur and Madras. The number of candidates qualified by the medical boards is 105.

Out of the 7914 GE candidates (excluding 9 GE PD candidates) in the CML, 536 did not fill the choice sheets. Out of the 2543 OBC candidates (excluding 2 OBC PD candidates), 108 did not fill the choice sheets. Out of the 1950 SC candidates (excluding 1 SCPD candidate), 59 did not fill the choice sheets. Out of the 643 ST candidates (excluding 3 ST PD candidates), 10 did not fill the choice sheets. Out of the 146 PD candidates, 7 did not fill the choice sheets. Finally 7378 GE candidates, 2435 OBC candidates, 1891 SC candidates, 633 ST candidates and 139 PD candidates were considered for seat allocation. A total of 12476 candidates were considered for the first round of seat allocation. A total number of 720 candidates did not fill the choices.

The aptitude test for Design/Architecture was conducted on 10th June between 10am and 1pm. A total of 477 candidates wrote the test. The following table provides data on the Design/Architecture aptitude test.

Institute (zone)	Candidates attended	Candidates Qualified
IIT Bombay	99	53
IIT Delhi	125	69
IIT Guwahati	30	19
IIT Kanpur	60	36
IIT Kharagpur	52	29
IIT Madras	72	40
IIT Roorkee	39	14
Total	477	260

The cutoff mark for qualifying the design/aptitude test was fixed at 153 by the evaluating committee along with the JIC Chairman.

Out of the 13196 candidates who were eligible to fill the choice sheets, 720 did not fill the choices. The remaining 12476 candidates who had filled choice sheets were considered for seat allocation.

Main Report and Tables

A

The following tables summarize the allocations zone wise.

No.	Zone	Allotted	Not allotted	Total
1	Bombay	2399	849	3248
2	Delhi	1384	722	2106
3	Guwahati	422	112	534
4	Kanpur	1095	428	1523
5	Kharagpur	1083	428	1511
6	Madras	2113	936	3049
7	Roorkee	815	410	1225
	Total	9311*	3885	13196

- 31 Supernumerary seats included.

	CML	OBC	SC	ST	PD	Total
Seats available	4703	2526	1393	703	150+77+47+28	9627
Candidates who filled choice sheets	6657	3160	1888	632	97+38+1+3	12476
Seats allotted	5157	2094	1384	9198	75+25+0+2	9311

- 31 Supernumerary seats included.

Twenty four (24) supernumerary seats were created in different categories (GE-12, GE PD-1, SC-4, OBC-4, ST-3) to take care of mainly the candidates not being able to register in the JEE on-line counselling portal, JCOP after having paid the registration fee in time. Another seven (7) supernumerary seats were created for the Foreign Nationals.

A total number of 9319 candidates were allotted seats in the first round of seat allotment. Out of them 8674 candidates paid the fees to accept the offer of admission. These 8674 candidates were also eligible for the subsequent rounds of seat allocation and ensured that in the second and third rounds of course allotment he/she shall be allotted a course that is equal or higher in preference than the one allotted in the first round, as per the choice list filled by the candidate. 645 candidates did not pay the registration fee and hence, were out of the counselling. 618 candidates, who could not be allotted any seat in the first allotment, were allotted seats in the second round. 304 candidates were allotted seats in the third round of counselling. 1478 candidates have change in allotted seats between first and second rounds of counselling. 407 candidates have change in allotted seats between second and third rounds of counselling.

Following table shows the candidates from various zones who paid the registration fee after the first and the second round of seat allotments:

Main Report and Tables

No.	Place	Number
1	IIT Bombay	2316
2	IIT Delhi	1343
3	IIT Guwahati	407
4	IIT Kanpur	1050
5	IIT Kharagpur	1048
6	IIT Madras	2073
7	IIT Roorkee	776
	Total	9013

The institute wise and gender and category wise seat allotment data is given below:

Institute	Male	Female	Total
Bhubaneswar	109	7	116
Bombay	798	75	873
Delhi	734	108	842
Gandhinagar	105	10	115
Guwahati	543	57	600
Hyderabad	116	22	138
Indore	102	16	118
Kanpur	736	72	808
Kharagpur	1155	134	1289
Madras	696	126	822
Mandi	108	10	118
Patna	109	8	117
Rajasthan	143	13	156
Roorkee	982	111	1093
Ropar	109	9	118
ISM Dhanbad	914	57	971
IT BHU	902	91	993
Total	8361	926	9287

	CML	OBC	SC	ST	PD	Total
Seats available	4703	2526	1393	703	150+77+47+28	9627
Seats allotted	5157	2094	1384	9198	75+25+0+2	9311*

- 31 Supernumerary seats included.

The following **SEVEN** foreign national candidates were allotted supernumerary seats:

1039509 (G002), 1040060 (G074), 1063308 (G074), 2056082 (K045), 2066216 (D079), 4028380 (R007), and 6096157 (M076).

Preparatory Course Counselling and seat allocation.

The results of JEE 2011 was announced on May 25 2011. The number of seats available under the various categories and the number of candidates in the various merit lists are given below:

	GE	OBC	SC	ST	PD	Total
Seats available	4703	2526	1393	703	150+77+47+28 =302	9627
No. of candidates in the merit list	8027	2430	1950	643	96+46+1+3=146	13196
No. of candidates called for PC counselling				112*	294*	

- No SC preparatory list was made since the number of candidates exceeded the list. It was ensured that all SC candidates who met the cutoff were included in the SC merit list.

These 112 ST and 294 PD candidates were called for preparatory counselling on 18th July 2011. The counselling for the preparatory course was conducted in the seven IITs representing the zones. Medical examinations of the preparatory PD candidates were carried out along with the PD candidates as stated earlier. The zone wise distribution of candidates and the numbers who attended are shown below:

	Bombay	Delhi	Guwahati	Kanpur	Kharagpur	Madras	Roorkee	Total
Prep. PD qualified	27	15	39	17	23	18	14	153
Prep. ST called	49	10	09	02	11	29	02	112

A total of 112 ST candidates were called to fill 132 ST seats. **81** candidates were allotted to preparatory courses in the 16 institutions in the ST category. IIT Indore expressed its inability to conduct the preparatory course for 2011-12 academic session. A total of 153 PD candidates were called for counselling to fill 201 PD seats and **130** candidates were allotted to the preparatory course in the 16 institutions in the PD category.

Main Report and Tables

JOINT ADMISSION BOARD (JAB) AND POLICY DECISIONS

Three meetings of the Joint Admissions Board (JAB) were held for JEE2011.

1. First JAB meeting:: August 21, 2010 at IIT Kanpur
Prof. M.S. Ananth, Director IIT Madras and Chairman JAB 2010 chaired the meeting and handed over the charge of the Board to IIT Kanpur. Prof. S.G. Dhande, Director, IIT Kanpur became the Chairman of JAB 2011. Prof. G. Srinivasan, Co-Organising Chairman, JEE2010 presented the salient features of JEE 2010 and Prof. S.K. Choudhury, Organising Chairman JEE 2011 presented the proposal for JEE 2011.
2. Second JAB meeting: February 21, 2011 at IIT Kanpur
The agenda included ways and means to reduce the number of vacant seats at IITs, IT BHU and ISM Dhanbad and the provision of showing filled-up ORS to the candidates
3. Third Emergency JAB meeting: June 5, 2011 at IIT Kanpur
The agenda was to discuss the possible measures to fill up the maximum number of vacant seats in the light of the verdict from the Hyderabad court.

Some of the resolutions and decisions of JAB2011 are produced below:

1. **Date of examination:** As for years, JEE has been conducted during the Second Sunday of April every year, the JAB members strongly suggested that the convention be followed. The date of JEE was fixed for 10th April 2011.
2. **Evaluation Procedure:** Minimum qualifying marks in a subject for GE category will be the *mean* (the average) of the marks obtained in that subject by all candidates who appear in both the papers. **Minimum qualifying marks for ranking** (subject cut-off) for each subject will be calculated.

The Common Merit List (CML) will be prepared without any relaxed criteria so that the number of candidates in the list is equal to the total number of seats available in all the participating institutes put together. The minimum marks obtained by the candidates in the common merit list will be the aggregate cut-off for GE category. The minimum qualifying marks (MQM) for the OBC and SC/ST categories will be 90% and 50% of the MQM for CML. The cut off in the aggregate marks for OBC and SC/ST categories will be 90% and 50% of the cut off for CML

In addition, separate merit lists will be prepared for OBC, SC, ST and PD candidates with different relaxed norms relevant to their categories/subcategory.

3. **Answer Keys of JEE 2011 on web:** It was decided to release the answer keys of all the questions on the web at the earliest possible time after completion of the examination.

Main Report and Tables

A

4. The scanned copies of ORS of JEE-2011, suitably protected by password, etc., will be displayed on the web for the candidates to see.
5. Responsibility of JAB-2011: JAB-2011 shall conduct JEE-2011, evaluate the performance of candidates, and announce the lists of qualified candidates. Subsequent to result declaration, JAB-2011 shall conduct two rounds of counselling and, based on the performance and the choices of candidates and the availability of seats in different courses of the participating institutions, shall do the allocation of seats.
6. Responsibility of the individual institutes: Each participating institute shall have the responsibility of examining the position of vacancies in different courses resulting out of JAB-2011 exercise and shall take appropriate steps to see that as many seats as possible are filled in each respective institute. For this purpose, JEE-2011 rank, including the extended merit list, will be the criterion for selection of candidates for the vacant seats in these institutes.
7. Any candidate registered for the Preparatory Course (PC) in any IIT / IT- BHU / ISM Dhanbad in the current year cannot be given a seat in the Preparatory Course of the next or subsequent years in any of these institutes through JEE.
8. Each institute will maintain the PD roster for the courses offered by it and will communicate the PD subcategory seats in each category for each course to the Organising Institute.
9. Candidates who accept the first round of seat allocation by paying the registration fee will automatically be considered for up-gradation in the second round of seat allocation in accordance with their original choice-sheets.
10. The Board has approved for the disposal/destruction of Organization JEE Records which are five or more years old. The Board approved it except for those records which pertain to candidates who have entered into litigation.
11. The members observed that once a candidate accepts a seat by paying the registration fee after the first round of seat allotment, a seat becomes reserved for him/her and is not offered to any other candidate. If the candidate does not join, one seat remains unfilled and no refund is admissible.
12. The Board was informed by the Organising Chairman that counselling (the filling of choice sheets) in JEE-2011 will be online including payment of counselling/registration fees.

Main Report and Tables**A) Structure of JEE-2011****Pattern of Examination**

- (i) Single stage examination of two papers, each of three hours duration.
- (ii) Each of the papers having three separate sections for Physics, Chemistry and Mathematics.
- (iii) All Questions will be of objective type, designed to test comprehensive, reasoning and analytical ability of the candidate.
- (iv) Candidates to be allowed to retain the Question papers.

Date of Examination and Schedule

The date and the schedule for JEE-2011 will be as follows:

Date: **Sunday, April 10th, 2011.**

Schedule of Examination: Paper 1: **9 am to 12 noon (IST)**

Paper 2: **2 pm to 5 pm (IST)**

Centre(s) outside India (*simultaneously*)

Eligibility Criteria

The candidate has to satisfy all the eligibility conditions given below:

- i) Candidates who have passed (10+2) or equivalent qualifying examination in 2010 or will be appearing in 2011, and secure at least 60% marks (for GE/OBC categories) (55% marks for SC, ST categories and PD candidates) in the qualifying examination are eligible. Candidates who have passed (10+2) or equivalent qualifying examinations on or before October 1, 2009 are not eligible.
- ii) Candidate should not have accepted admission at any of the IITs, IT-BHU, Varanasi, and ISMU, Dhanbad through JEE by payment of full fees.
- iii) Date of birth falls on or after
 - i. October 01, 1986 (for GE, OBC and DS categories)
 - ii. October 01, 1981 (for SC, ST and PD categories).

Syllabus for JEE-2011

The syllabus of subjects namely Physics, Chemistry and Mathematics will remain same as that of JEE 2010. Also, the syllabus of aptitude test will be as that of JEE 2010.

Application Form and Fee for JEE-2011

Candidates can submit the application form either Offline or Online. The mandatory fields will have to be filled by all candidates, failing which the application will be rejected.

Fee structure:

- Rs 500 for SC/ST/PD and female candidates.
- Rs 1000 for GE/OBC/DS candidates.
- USD 200 for candidates of centres outside India.

For On-line applications a 10% reduction in fees is suggested as in GATE and JAM.

Commencement of registration of JEE-2011 On-line Application Forms	November 1, 2010
Issue of Off-line Application material begins	November 12, 2010
Last date for On-line JEE-2011 application process	December 7, 2010
Last date for Off-line JEE-2011 application process	December 15, 2010
Last date for receipt of completed hardcopy of JEE-2011 applications at IITs	December 20, 2010

Dates of Advertisements

Short notification:	30 September 2010 (Thursday).
Release of wide notification:	30 October 2010 (Saturday)

B) Evaluation Procedure and Merit Lists

- Marks in a subject will be the Total of the marks in the corresponding subjects in Paper 1 and Paper 2.
- **Minimum qualifying marks for ranking** (subject cut-off) for each subject will be calculated.
- Only those candidates who appear in both the papers and score more than or equal to the minimum qualifying marks in each subject will be considered for ranking.
- Minimum qualifying marks in a subject for GE category will be the **mean** (the average) of the marks obtained in that subject by all candidates who appear in both the papers.
- The common merit list will be prepared without any relaxed criteria so that the number of candidates in the list is equal to the total number of seats available in all the participating institutes put together. The minimum marks obtained by the candidates in the common merit list will be the aggregate cut-off for GE category.

The merit lists for the reserved categories/subcategory will be prepared with the

Main Report and Tables

following as the MQMR aggregate cut-off.

- For OBC: 90% of the MQMR and aggregate cut-off for GE category
- For SC/ST/PD: 50% of the MQMR and aggregate cut-off for GE category.

Moreover, SC/ST merit lists for preparatory courses will be prepared with a relaxation of 50% of the last qualified SC/ST candidate in the respective merit list.

- Separate merit lists for SC, ST, OBC and PD candidates will be prepared with different relaxed norms relevant to their categories. The total number of qualified candidates in any of these categories would be limited to 1.4 times the number of seats in that category.

Preparatory course

SC/ST/PD candidates not making to their respective merit lists will be considered for admission to preparatory courses with further relaxed norms as under:

Those who secured marks above subject as well as aggregate cut-offs for Preparatory Merit List with a further 50% relaxation and within 2 times the number of vacant seats.

Tie-Breaking

The criteria to be adopted for awarding ranks to the candidates who have scored the same aggregate marks in JEE-2011 will be as follows:

- For each subject, the mean (i.e., the average) mark is calculated on the basis of the marks obtained by those candidates who have qualified in the subject for ranking.
- Among the candidates having the same total marks, a candidate is ranked higher than the rest, if he/she scores higher marks in the subject having the lowest mean marks.
- If there is a tie after this procedure, then the marks obtained by the tied candidates in the subject with the second-lowest mean marks is considered. Candidates tied even after this procedure is given the same rank.

Reservation of seats

The extent of reservations in each programme for different reserved categories/subcategories will be as follows:

- SC: 15%
- ST: 7.5%

Main Report and Tables

- OBC: 27%
- PD: 3% (within each of the above categories and GE)

PD candidates will undergo a medical examination for which medical boards will be constituted by the IITs. This is to assess the suitability of the candidate to undergo courses in engineering and science in the institutions.

Reservation to DS Category

- Two seats are available for preferential allotment of courses in each Institute for children of defence/paramilitary personnel killed or permanently disabled in action during war or peace-time operations (DS category) who qualify JEE.
- The candidate will have to submit a photocopy of the relevant certificate along with the application and to produce the certificate in original issued by a competent authority in the Directorate of Resettlement and Rehabilitation, New Delhi (under the Ministry of Defence, Govt. of India) or in the Ministry of Home Affairs, Govt. of India, as applicable.
- To avail this preferential allotment, candidates must qualify in the common merit list.

Extended Merit Lists

- It will be prepared by lowering the aggregate cut-off for the use of IMU, IISER, IISc, and other institutes.
- There will be only a single Merit List continuing from the last rank in common merit list (CML). The length of this rank list will be four times the total number of seats available in all the institutes seeking for the list. The Institutes seeking the merit list will be given the entire list including the CML so that those candidates who are in our CML but did not get admission in IITs can still stake their claim in the other institutes on the basis of their rank.

Only the CML will be published in the web. The authenticated full rank list will be given to other institutes seeking for it on payment of a fee as in the last year.

The details of the fees are:

- For MHRD Institutes Rs.2.0 Lakh
- For other government Institutions Rs 4.0 Lakh
- Private Institutions Rs.20.0 Lakh

C) Aptitude Test for Architecture & Design:

There will be a single paper for aptitude test for Architecture & Design. The schedule of these tests will be as follows:

June 10, 2011 (10 am to 1 pm)

The examination will be conducted at the zonal IITs.

D) Results and on-line Counselling

On-line choice sheet filling	May 25 – June 17, 2011
Web release of 1 st allotment	June 21, 2011
Last date for payment of fee to accept the offer of admission made in the 1 st allotment	June 30, 2011
Web release of 2 nd allotment	July 1, 2011
Last date of payment of fee to accept the offer of admission made in the 2 nd allotment	July 6, 2011
Web release of 3 rd allotment	July 10, 2011

E) Organising Institute for JEE-2012

The Board decided that after IIT Madras and IIT Kanpur organising JEE in 2010 and 2011, respectively, IIT Delhi will be the Organising Institute for JEE-2012.

JOINT IMPLEMENTATION COMMITTEE (JIC) MEETINGS AND DECISIONS

Several meetings of the Joint Implementation committee consisting of Chairmen and Vice Chairmen of the various zones were conducted as per the following schedule:

Sl. No.	Operation	Date	Venue
1.	First Joint Implementation Committee Meeting for JEE-2011 (Post-JAB JIC)	Aug 22-23, 2010	IITK
2	Second JIC meeting (Posters, information brochure, application form, course availability, bank details, examination cities, Technical expertise for OMR scanning)	Oct 9-10, 2010	IITR
3	Third JIC Meeting (JIPS, Guide lines finalization etc.)	Jan 21-22, 2011	IITG
4	Fourth JIC Meeting (Pre-2 nd JAB)	Feb 19-20, 2011	IITK
5	Fifth JIC meeting (handing over of keys)	March 30, 2011	IITD
6	Sixth Meeting (Freezing of answer keys)	May 13, 2011	IITB
7	Pre Emergency JAB – JIC meeting	June 5, 2011	IITK
8	Seventh Meeting (Result preparation)	June 20-23 2011	IITK
9	Eighth JIC Meeting (First Round of Seat Allocation)	June 18-20, 2011	IITK
10	Ninth JIC (Third Round of Seat Allocation)	July 8-9, 2011	IITK
11	Tenth JIC (Feedback)	July 20, 2011	IITM
12	Pre JAB JIC Meeting for 2011 & 2012	August 25, 2011	IITD

Main Report and Tables

A

The important decisions and actions taken by the JIC are as follows:

1. The proposed schedule for the activities decided by the JICs is given below:

S. No.	Operation	Date	Day
1	Release of Short Notification for JEE – 2011	30 September 2010	Thursday
2	Release of Wide Notification for JEE – 2011 in Rozgar Samachar, National Dailies	30 October 2010	Saturday
3	Commencement of application process : Online: 01/Nov./2010 to 15/Dec./2010 Offline: 12/Nov./2010 to 15/Dec./2010	01 November 2010 to 15 December 2010	Monday- Wednesday
4	Closing of Website for online application (17:30 hrs)	15 December 2010	Wednesday
5	Last date for receipt of completed application forms at IITs	20 December 2010	Monday
6	Dispatch of on-line Admit cards (last date)	14 March 2010	Monday
7	JEE 2011 Examinations	10 April 2011	Sunday
	Results Declaration & Display of lists of candidates called for counselling (On-line)	25 May 2011	Wednesday
8	Online registration for Aptitude Test (through e-mail)	25 May 2011	Wednesday
9	On-line counselling (3 rounds), choice filling 25 th May – 6 th July, 2011	25 May 2011 6 July 2011	Wednesday Wednesday
10	Aptitude test for Architecture (In IITs)	10 June 2011	Friday
11	Website releases of Three Rounds of course allocation	21 June 2011 1 July 2011 10 July 2011	Tuesday Friday Sunday
12	Uploading of Admission Letter on website	10 July 2011	Sunday

2. JEE-2011 application procedure will be both on-line and off line through the banks as in previous years. IIT Madras will handle the on-line procedure due to already obtained infrastructure by them. IIT Kanpur will provide and maintain the IVRS facility, which will provide details on application status, admit card status, course allocation and seat allocation. IIT Kharagpur will maintain the server to provide information through SMS to the candidates. The websites and web related aspects will be handled by IIT Kanpur and IIT Delhi. Insurance for persons and activities will be managed by IIT Kharagpur.
3. To encourage more candidates for applying on-line, a 10% concession in the fee in the lines of GATE and JAM examinations was introduced. The fee for

GE/OBC/DS/PD candidates was Rs.900/- and for SC/ST/Female candidates it was Rs.450/-. A user-friendly On-line payment mode through Credit/Debit card and Internet banking were enabled like previous year.

4. Posters in English and Hindi with a special leaflet for SC/ST candidates, were prepared for the benefit of the candidates.
5. Enlarged Question Paper will be given only to PD(VI) candidates who produce National Identity card and certificate issued by the State / Central Commissioner for Persons with Disabilities.
6. The question papers were distributed using boxes of 2 types and 2 colours. The GREEN box was used for paper 1 and the YELLOW box for Paper 2. A special split box was designed with two colours where the corresponding papers could be stored. The distribution to various zones was through a private courier service.
7. A system of on-line choice sheet filling and payment of counselling as well as registration fees (JCOP) was introduced for the first time. The candidate could fill the choices using this facility and the data was captured directly in IIT Kanpur in the JCOP software. The candidate had to send the hard copies of the certificates, admission form and the medical certificate to the zonal chairman.
8. Medical examinations were conducted for PD and Preparatory PD candidates in Bombay, Delhi, Guwahati, Kanpur, Kharagpur and Madras zones.

Legal Issues

The summary of the pending cases relating to JEE 2011 is as follows:

WRITs/APPEALs/SLPs FILED IN CONNECTION WITH JEE-2011

SL No.	WRIT No. & COURT	FILED BY	STATUS
1.	SLP(C) No. 23055 of 2010	Mr. Rajeev Kumar	The petitioner had earlier filed a PIL, being Writ Petition (C) No. 2275/2010, in the High Court of Delhi highlighting the alleged irregularities, discrepancies and illegalities in conduct of JEE. The PIL was dismissed on 02.6.2010 on the grounds of the locus standi of the petitioner. Against the dismissal, the petitioner has filed the SLP impleading (1) MHRD, (2) IIT Council, (3) Chairman, JAB-2010, (4) Chairman, JAB-2011, and (5) IIT Kharagpur. This case is coming up for hearing on 16.8.2011.
2.	WP No. 1241 (S/S) of 2011 before High Court Allahabad (Lucknow Bench)	Mr. Diwank Singh Tomar	The petitioner contended that due to postal delay, his JEE Application could not be submitted in time. The writ petition was disposed of vide an order dated 14.03.2011 with a direction to JEE-2011 to issue the admit card to the candidate. The direction has since been complied with.
3.	CMWP No. 17520 of 2011 before High Court Allahabad	Mr. Sujeet Chaudhary	The petitioner had appeared for JEE-2010 but after allotment of seat, he did not seek admission and took refund of fee, after deducting Rs. 1000/-. Thus his application for JEE-2011 was rejected, against which he filed the Writ Petition. The writ was dismissed vide an Order dated 05.04.2011.
4.	CMWP No. 20345 of 2011 before High Court Allahabad	Mr. Rishabh Dwivedi	The petitioner had appeared for JEE-2010 but after allotment of seat, he did not seek admission and took refund of fee, after deducting Rs. 1000/-. Thus his application for JEE-2011 was rejected, against which he filed the Writ Petition. The writ was dismissed vide an Order dated 07.04.2011.
5.	Special Appeal No. 607 of 2011 before High Court Allahabad.	Mr. Sujeet Chaudhary	Filed against the Order dated 05.04.2011 passed by the Hon'ble High Court in the WP No. 17520 of 2011. During the course of hearing, the High Court had passed two interim orders dated 08.04.2011 (to allow him to appear in JEE-2011) and another dated 31.05.2011 to the effect that the appellant may be allowed to appear in the JEE-2011 Counselling provisionally.

Main Report and Tables

A

6.	SLP (C) No. 15989 of 2011 before Supreme Court	IIT Kanpur Vs Sujeet Chaudary	Filed by IIT Kanpur against the impugned Order dated 31.05.2011 passed by the High Court. The Hon'ble Supreme Court has been pleased vide an Order dated 04.07.2011 to set aside the interim order dated 31.05.2011. The SLP is finally disposed of.
7.	WP (Civil) No. 264 of 2011 before Supreme Court	Mr. Abhishek & 7 Others	The petitioner had raised doubts over Answer Keys of certain questions of JEE-2011. The Hon'ble Supreme Court disposed of the said writ vide an Order dated 24.05.2011, directing Chairman, JEE to dispose of representations of the petitioners within 7 days. The Representations have since been disposed of.
8.	WP No. 21211 of 2011 before the Hon'ble High Court of Karnataka at Bangluru	Mr. Prateek R. Hundekar	Petitioner had applied for JEE-2011 under GE category. After declaration of result he submitted certificate for OBC (NCL). Case is coming up for final hearing on 11.8.2011.
9.	CMWP No. 34226 of 2011 before High Court Allahabad	Ms. Himangi Singh	The petitioner sought for change of her category from General to OBC (NCL). The writ petition was disposed of vide an Order dated 13.06.2011 directing Chairman, JEE-2011 to decide her representation. In compliance, her representation has since been disposed of.
10.	CMWP No. 34861 of 2011 before High Court Allahabad	Shri Pradeep Kumar	The petitioner has agitated that he had attempted to appear for online counselling on the basis of correct UTR No. which was provided by the Punjab National Bank, but has failed to do so. He therefore prayed for considering him for next rounds of JEE Counselling. CA has been filed on behalf of the Institute and the case shall come up for hearing in the next cause list.
11.	WP No. 17734 of 2011 before Hon'ble High Court of AP at Hyderabad	Ms. Sapavath Amitha	The petitioner has alleged that after locking the choices on JCOP Portal, her choices dated 16.06.2011 were allegedly changed by someone. This Writ Petition is being monitored by IIT Madras.

Main Report and Tables**A**

12.	WP No. 17675 of 2011 before Hon'ble High Court of Kerala at Ernakulam	Mr. Akash K.C.	The petitioner has agitated to consider him under OBC (NCL) category as he was not able to submit his Caste Certificate (OBC (NCL)) in time due to non-receipt of the same from the concerned authorities. The Hon'ble Court Kerala had passed an order dated 30.06.2011 that the allotment will be subject to the result of Writ Petition. The case is presently being monitored by IIT Madras
13.	WP No. 37081 of 2011 before High Court Allahabad	Mr. Nikhil Raj	The petitioner requested for an opportunity to submit the Admission Fee beyond due date. The subject writ petition has been disposed of vide an Order dated 08.07.2011 by the Hon'ble High Court Allahabad, with a direction that the petitioner may submit his representation before the concerned authorities for appropriate disposal of his grievance. The petitioner has been allowed to submit the fee and a seat was allotted to him.
14.	WP No. 44010 of 2011 before High Court Allahbad	Ms. Kritika Kulshrestha	The petitioner agitates that just after filling-in 14 choices on 28.5.2011, the web-site tripped and did not allow her to log further choices. CA has been filed and the case is coming up final arguments on 10.8.2011.

STATISTICAL ANALYSIS OF JEE 2011 APPLICATIONS

The zone wise distribution of the total number of appeared and qualified candidates along with their category are given in **Tables A1 and A2**. Out of a total of 485136 (in JEE-2010 – 473982) candidates who registered in all zones, 468280 (in JEE-2010 –455571, 96.1%) candidates (96.5%) appeared for the examination. This is an increase of 2.71% over the JEE 2010 figure of 455571 candidates who appeared for the examination. A total of 13196 (2.82%) (in JEE-2010 –12676, 2.87%) candidates qualified for counselling. There was an increase of 3.94% over the figure of 12676 candidates eligible for counselling in JEE 2010.

The zone wise distribution of qualified candidates is: Bombay 3248 (24.6%) (in JEE-2010 –3145, 24.8%), Delhi 2106 (15.9%) (in JEE-2010 –2264, 17.86%), Guwahati 534 (4.04%) (in JEE-2010 –521, 4.1%), Kanpur 1523 (11.54%) (in JEE-2010 –1341, 10.58%), Kharagpur 1511 (11.4%) (in JEE-2010 –1481, 11.68%), Madras 3049 (23.1%) (in JEE-2010 –2619, 20.66%) and Roorkee 1225 (9.28%) (in JEE-2010 –1305, 10.3%). The percentages are comparable with the data of JEE 2010.

Category-wise distribution

The Category wise distribution of appeared candidates is shown in **Table A1**. 56.98% of the candidates who appeared in JEE 2011 are GE candidates, 29.4% are OBC candidates, 9.65% are SC candidates and 3.87% are ST candidates.

The Category wise distribution of qualified candidates is shown in **Table A2**. 61.7% of the candidates present in the Common Merit List (CML) are GE candidates, 17.8% are OBC candidates, 14.77% are SC candidates, 4.87% are ST candidates and 0.773% are PD candidates.

The data in terms of appeared and qualified candidates are similar to that of JEE 2010.

PD candidates

Table A3 shows the number of PD candidates who appeared and qualified zone wise. It is observed that a total number of 2267 PD candidates have appeared (In JEE-2010, 2775 PD candidates appeared and 175 candidates qualified) and 146 out of them have qualified (6.44%) for JEE-2011.

Gender wise distribution

Tables A4 and A5 show the zone wise distribution of appeared and qualified candidates according to gender. The number of female candidates appeared in JEE-2011 is 108653,

Main Report and Tables

which is 23.2% of the total appeared candidates. Out of the 13196 candidates who qualified, 1443 are female candidates (10.93%). In JEE 2010, 113063 female candidates appeared (24.82%) and 1424 qualified (11.2%).

Based on Language of Question paper

The distribution of candidates according to question paper language is given in **Tables A6 and A7**. Out of the 468280 appeared candidates 67706 candidates chose the Hindi question paper (14.46%). Bombay zone had 31622 candidates (38.27% for that zone) and Kanpur zone had 20021 candidates (25.65% for that zone) who chose the Hindi question paper. Out of the 13196 qualified candidates, 517 candidates had written JEE 2011 using a Hindi question paper (3.92%). In JEE 2010, 61655 candidates had used the Hindi question paper (13.54%) with Bombay and Kanpur zones showing high percentages. Out of the 12676 qualified candidates, 474 candidates had used the Hindi question paper (3.74%).

Type of preparation

Candidates appearing for JEE prepare either through “self study” or through “specialized teaching (other)”. Data (**Table A8**) for JEE 2011 shows that 295618 out of 468280 (63.1%) have prepared using “self study”. Out of the 13196 candidates who qualified, 4912 (37.22%) have used the “self study” mode. In JEE 2010, 66.97% of the appeared candidates had chosen to mark “self study” in their OMRs, while 5089 out of 12676 (40.15%) qualified candidates had used the “self study” mode of preparation. It is to be noted that data points out to more appeared candidates opting “self study” contrary to the popular view otherwise.

Board of qualifying examination

Table A9 shows the data on appeared and qualified candidates based on the Board of Qualifying examination. It is observed that 20315 out of 468280 (4.34%) of the appeared candidates were from ICSE and 49% were from State Board, whereas 45.7% appeared candidates were from CBSE board. Out of the 13196 qualified candidates, 543 were from ICSE (4.11%), 7396 from CBSE (56%), and 5195 from State Board (39.4%). In JEE 2010, 45.47% of the appeared candidates were from CBSE and 49.35% were from State Board. In JEE 2010, among the qualified candidates 57.93% were from CBSE, 36% from State Board and 5.54% from ICSE. It is to be noted that 3.46% of the appeared candidates from CBSE Board qualified while this percentage is 2.26 for State Board and 2.67 for ICSE. It is noted that the participation and the performance of the candidates from State Boards have improved in JEE-2011 in comparison to previous years.

Main Report and Tables

According to place of schooling

Table A10 shows data on the candidates according to their place of schooling of 10th class. It is observed that out of the 468280 candidates who appeared, 86719 (18.5%) had their schooling in villages. Another 135403 (28.9%) did their schooling in towns and 246080 (52.55%) in cities. Among the 13196 qualified candidates, 9.84% had their schooling in villages, 25.12% in towns and 65.03% in cities. Guwahati zone showed the largest percentage of candidates with schooling in villages while Delhi zone showed the largest percentage from cities. JEE 2010 data also indicates that Guwahati zone has the largest percentage of candidates with schooling in villages while Delhi zone showed the largest percentage from cities. The ratio of qualified to appeared candidates is largest for city (3.49% in 2011 and 3.5% in JEE 2010).

According to education of parent

Table A11 shows data for JEE 2011, classified according to the education of the parents. Out of the 468280 candidates who appeared, 166983 candidates had both the parents as graduates (35.6%). Another 156146 had one of them as graduates (33.3%) while 145007 had neither as graduates (30.9%). Out of the 13196 candidates qualified, 54.66% candidates had both the parents as graduates while 28.3% had one of the parents as graduates and 16.97% candidates had neither of the parents as graduates. In JEE 2010, the figures for the appeared candidates were 33.6%, 33.14% and 31.02% and for the qualified candidates the percentages were 50.36%, 31.75% and 17.49%.

According to occupation of parents

Table A12 shows data for JEE 2011 according to occupation of parents. It is observed that 158549 out of the 468280 candidates who appeared have their parent in teaching service (33.8%). This is the largest percentage among several occupations such as agriculture, business, government service, private, law, medicine etc. The smallest percentage is for Engineering Service (1.16%). Among the 13196 candidates qualified, 39.4% candidates had their parent in teaching service while 1.01% had their parent from the engineering profession. In JEE 2010 the largest percentage for appeared candidates was for government service (33.5%) and the largest % for qualified candidates was for government service (38.19%). In JEE 2010 the smallest % for qualified candidates based on occupation was for legal (1.03%).

According to parental income

Table A13 shows the zone wise distribution of candidates according to annual income of parents. Out of the 468280 candidates who appeared, 146882 (31.36%) had a parental income of less than 1 Lakh. 195220 candidates (41.69%) had a parental income between

Main Report and Tables

1-3 Lakhs. Another 19.3% have a parental income between 3-6 Lakhs, while 4.87% have parental income between 6-10 Lakhs. 12520 candidates (2.67%) have parental income exceeding 10 Lakhs. The percentages for qualified candidates for the five slabs of parental income are 17.1%, 31.7%, 30.47%, 11.86% and 8.86% respectively. The income slabs used in JEE 2010 data analysis was more or less similar. However it is observed that a large percentage of appeared as well as qualified candidates belong to the low to middle income groups.

According to mother tongue

Table A14 shows data on appeared and qualified candidates based on mother tongue. Among the 468280 appeared candidates, 319054 (68.13%) have Hindi as mother tongue. Among the 13196 qualified candidates, 7611 candidates (57.68%) have Hindi as mother tongue. This percentage is lowest for Sanskrit, where only one candidate with Sanskrit as mother tongue qualified. Few candidates had marked “English” as mother tongue perhaps confusing it with “medium of instruction”. The percentage of candidates with the various languages as mother tongue among the qualified candidates are: Assamese =0.41%, Bengali =3.22%, Gujarati =1.75%, Hindi =57.68%, Kannada =1.01%, Kashmiri =0.09%, Malayalam =1.99%, Marathi =5.06%, Oriya =1.48%, Punjabi =2.85%, Sanskrit =0.007%, Sindhi =0.48%, Tamil =2.56%, Telugu =18.85%, Urdu =0.61%, Others =1.62%.

JEE 2009 data shows comparable figures for Hindi as mother tongue (67.06% among the appeared candidates and 59.43% among the qualified candidates).

State/UT wise success rate

The data shown in **Table A15** reveals that the Andhra Pradesh (2693) has the highest success rate (in terms of qualified candidates) followed by Rajasthan (1931). These figures are consistent with the data of JEE 2010 and with available data to show that a large number of JEE coaching centres operate out of these two states. Three other states Uttar Pradesh (1604), Delhi (1197) and Maharashtra (1049) have more than thousand qualified candidates. Andaman & Nicobar, Arunachal Pradesh, Manipur, Meghalaya, Sikkim, Tripura and others (Dubai) have less than 10 qualified candidates.

Some cities have achieved high success rates in JEE 2011. City wise data is presented in **Table A16**. Jaipur leads with 1458 candidates followed by Hyderabad with 1307 candidates. Thirty five cities reported more than 100 qualified candidates while thirty one cities reported less than 10 qualified candidates.

TREND ANALYSIS

Trend analysis has been carried out using historical data. Table B1 captures the trend in the number of registered candidates for the last 15 years. The number of candidates registered shows a more than 5-fold increase in the last 15 years, reaching an all time high of 485136 total registered candidates in the year 2011. The increase in the number of total registered candidates in 2011 as compared to the same in 2010 is however only about 2 %, as compared to about 19 % increase from 2009 to 2010.

Analysis of zone-wise data shows that the maximum increase in the number of registered candidates as compared to 2010 was in the IIT Guwahati zone (about 20 % , taking into account the fact that Gorakhpur was transferred to IIT Kanpur zone). Other zones showing an increase in the number of registered candidates as compared to 2010 are Bombay (about 6 % increase), Kharagpur (about 3 % increase), and Roorkee (less than 1 % increase). In Delhi and Madras zones, the number of registered candidates as compared to last year went down by about 4%. In Kanpur zone also there is a slight decrease (about 1.5 %) in the number of registered candidates as compared to 2010, if the candidates registered for Gorakhpur centers (7596 candidates) are not counted.

Table B2 captures the trend in terms of the candidates belonging to various categories. The number of GE candidates has increased approximately **two** times in the last ten years, whereas, over the same period, the number of SC and ST candidates has increased **four** and **six** times, respectively. This may be attributed to the increase in the number of seats available in the various reserved categories and due to the importance given to JEE by the eligible students in the various categories.

Table B3 captures the trend in terms of the language of question paper used. Approximately 85 % of the candidates used English question paper and about 15% used the Hindi question paper in the JEE- 2011. Thus, there is an increasing trend in the percentage of candidates opting for Hindi question paper. Between 2003 and 2005, this figure was about 90 % for English and 10 % for Hindi.

Table B4 captures the trend in terms of number of attempts. In JEE-2011, about 80 % of the candidates have attempted JEE for the first time and about 20 % have attempted JEE for the second time. As can be seen in Table B4, since 2007, a candidate is allowed a maximum of two attempts in JEE.

Table B5 captures the gender-wise trend in the number of registered candidates. Fifteen years ago, the percentage of female candidates registered was close to 10 to 11 %. In recent years (2008 to 2011), this percentage is 23 to 25 %. This shows a tremendous increase in the number of female candidates appearing in JEE. While earlier 1 out of 10 registered candidates was female, now it is approaching close to 1 female candidate for every three male candidates.

COUNSELLING AND SEAT ALLOCATION STATISTICS

The availability of seats and the allotment statistics are shown in Tables C1 and C2. This shows that we have allotted 9304 seats against the 9627 seats available. Only 12 SC seats (all in architecture) have not been allotted in the GE/OBC and SC categories. The vacant seats in ST and PD categories are carried to the preparatory course. The statistics related to counselling and course allocation is given in Table C3.

Table C4 captures the number of candidates from each zone offered seats in the 17 institutions. Large number of candidates from Bombay and Madras zones have joined the respective IITs. Table C5 captures the data on the number of allotted candidates based on number of attempts. 58% of the candidates have qualified in the first attempt while 42% in the second attempt. The percentage of second attempt candidates is higher in ISM Dhanbad, IT BHU, and IIT Rajasthan. This could be due to the choice of branches of the candidates. Table C6 shows that about 90% of the candidates allotted seats are male while 10% are female. This is consistent with the data for 2010.

Table C7 shows statistics on the number of candidates called for and allotted seats to the preparatory courses. This year the SC category merit list had more students than the number of seats available in the SC category. All SC candidates meeting the cut-off were called for counselling for seats. Therefore we did not call SC candidates for the preparatory course. Table C8 shows the availability and allotment of seats to the various institutes for the preparatory course. Table C9 shows the zone wise distribution of the candidates for the preparatory course. It is to be noted that Table C7 shows the data in terms of where the medical examination was conducted.

Tables C10 to C14 show the distribution of candidates in the various brackets of ranks in the CML and in the various categories.

Out of 2545 candidates selected in the OBC merit list of JEE-2011, some belonged to OBC(CL), some were offered non-reserved seats, and some did not give enough choices of course-cum-institute appropriate to their ranks. Therefore, only 2090 reserved seats were offered to OBC candidates. The other 436 seats reserved for OBC had to be dereserved. The total number of unfilled seats in various categories are: GE: 0, OBC: 0 (dereserved to GE), SC: 12, ST: 132, and PD: 201.

JEE-2011 Result Analysis

JEE-2011 Question paper

JEE-2011 had two papers; each paper had three parts - Chemistry, Physics, and Mathematics. In both the papers, parts 1, 2, and 3 contained questions from Chemistry, Physics, and Mathematics, respectively. In Paper-1, each part had 23 questions and in Paper-2 each part had 20 questions. The questions were numbered consecutively in both the papers.

In Paper-1, each part had four sections. Section-1 had 7 multiple choice questions each having one correct answer with maximum of 3 marks; Section-2 had 4 multiple choice questions each having one or more correct answer(s) with maximum of 4 marks; Section-3 had 5 multiple choice questions in 2 paragraphs with maximum of 3 marks; and Section-4 had 7 integer answer type questions each having maximum of 4 marks. There were negative markings for wrong answers in Sections-1 and 3, but no negative markings in Sections-2 and 4.

In Paper-2, each part had four sections. Section-1 had 8 multiple choice questions each having one correct answer with maximum of 3 marks; Section-2 had 4 multiple choice questions each having one or more correct answer(s) with maximum of 4 marks; Section-3 had 6 integer answer type questions each having maximum of 4 marks; and Section-4 had 2 matrix type questions each having four rows and each row had maximum of 2 marks. There were negative markings for wrong answers in Section-1, but not in Sections 2, 3 and 4.

A candidate could have scored anything between -36 to 240 in Paper-1, and between -24 to 240 in Paper-2. That is, marks of a candidate might have taken any value between -60 to 480, with the minimum and maximum possible marks in each subject being -20 and 160, respectively. Due to ambiguities/incorrectness in questions, 12 marks were awarded to all candidates for 3 questions of Mathematics, whether the student attempted those questions or not. Therefore, the minimum possible marks would be -48 instead of -60 and the minimum possible marks in Mathematics would be -8 instead of -20.

Relaxations of 10% and of 50% were given on the average marks in each subject for considering the OBC and SC/ST/PD category candidates for ranking.

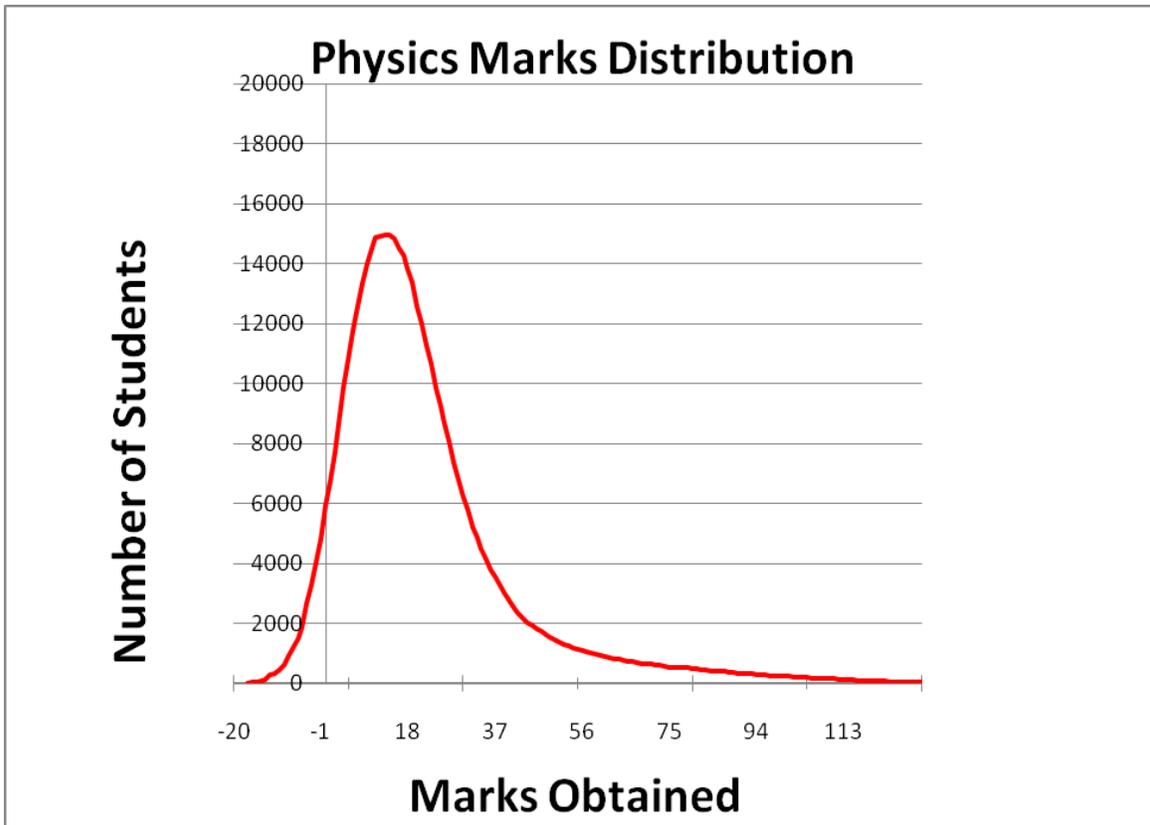

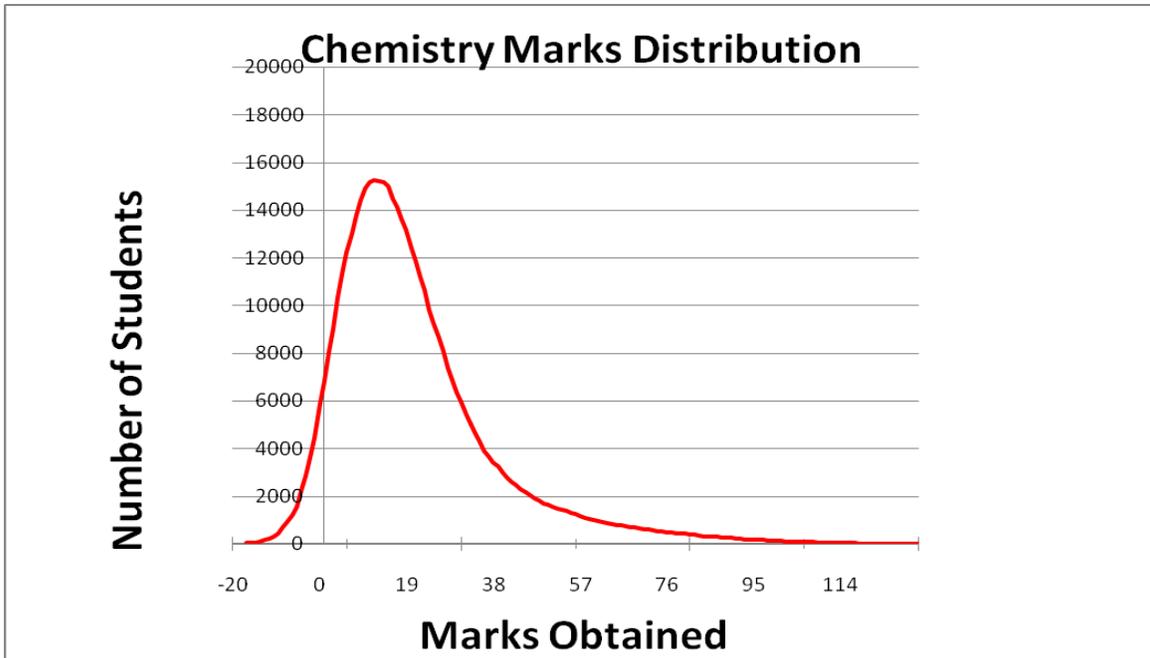

The minimum mark scored was -38 (minus thirty eight) and the maximum mark was 440. The rounded off average marks secured in Chemistry, Physics, and Mathematics by the candidates were 20, 20, and 34, respectively. The following are a few observations regarding the performance of candidates in JEE-2011.

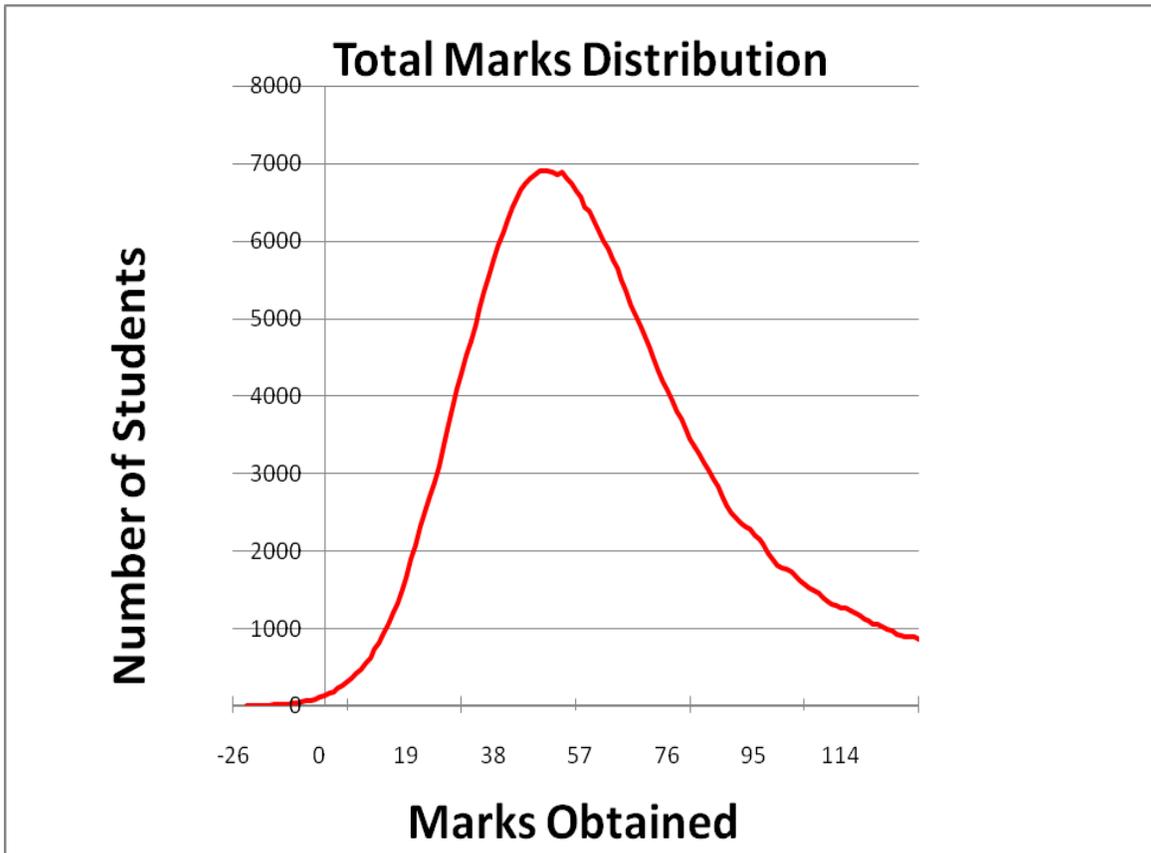

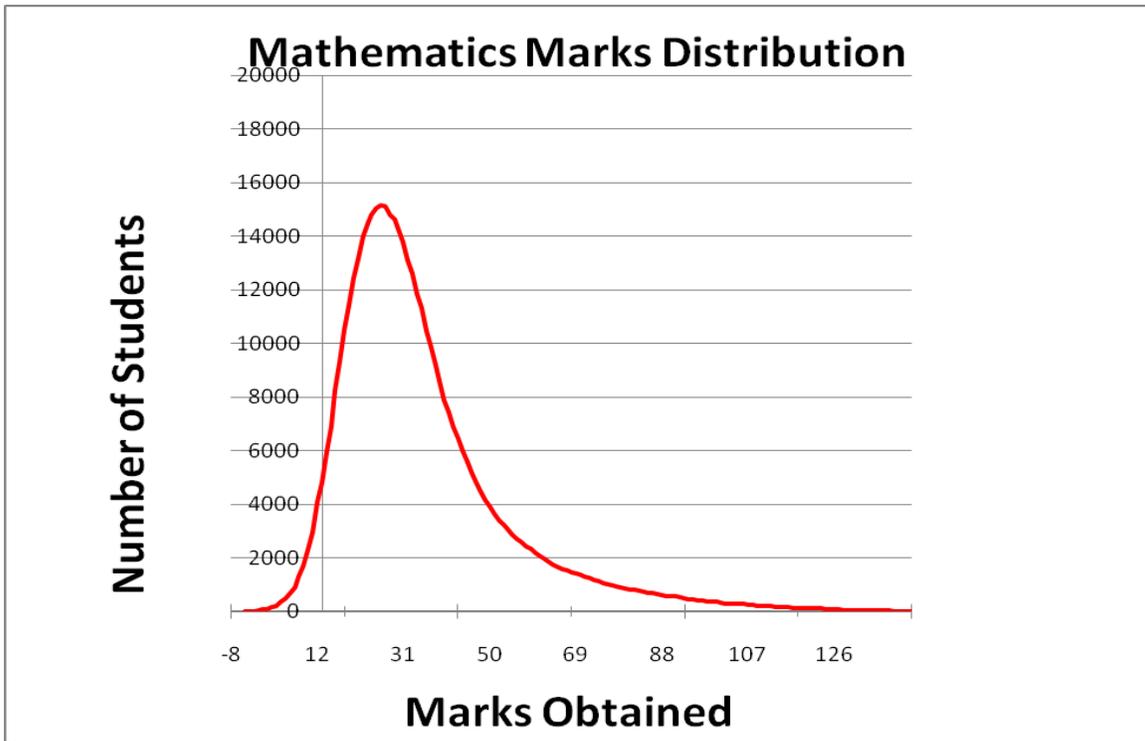

Main Report and Tables

1. The highest aggregate marks scored by a candidate in JEE-2011 were 440, that is, 91.7 % of 480 marks.
2. Only 38 candidates scored above 400 marks. 438 candidates scored above 350 marks.
3. The mark scored by the last ranked candidate in the Common Merit List (CML) was 229. This was the aggregate cut-off for CML.
4. The maximum marks scored out of 160 in Chemistry, Physics, and Mathematics were 138, 156, and 154 marks.
5. The number of candidates who scored more than 130 in Chemistry, Physics, and Mathematics were respectively 17, 281, and 658, respectively.
6. The minimum marks scored in Chemistry, Physics, and Mathematics by candidates in CML were 23, 28, and 34, respectively. In fact, there were many candidates with relatively poor performance in a particular subject despite having high aggregate marks.

It is observed that there had been very low cut-off marks in individual subjects in JEE for the past few years. Since time management skill has more effect in a competitive examination like JEE, the low marks scored in a particular subject along with high aggregate score does not necessarily establish the candidate's low proficiency in that subject. Therefore, minimum level of proficiency in each of the three subjects, even though with low individual cut-off scores, as demanded in JEE is reasonable.

A frequency distribution of candidates according to their marks in the three subjects and the aggregate marks are presented in the following figures. It may be noted that each of the graphs in the figures is highly skewed towards the left. Though the range of possible scores of a candidate in Chemistry and Physics is from 0 to 160, and that in Mathematics is from 0 to 160, the rounded off means (20, 20 and 34) of these distributions are much lower than the mid points of the modes. The distributions of the subject marks are almost identical with that of the aggregate marks.

Main Report and Tables

A

Since the aim of the JEE is to single out about 10000 best candidates out of about 5 lakh candidates, the questions are framed with high level of difficulty. The highest score in JEE-2011 is 440 out of 480, i.e, 91.7%. This was 85.5% in JEE-2010, 88.3% in JEE-2009 and 88.5% in JEE-2008. Looking at the competitiveness of the examination, the highest score is up to the mark. It is also evident that the difficulty level of the question papers in JEE-2011 has been decreased substantially. The question paper setters were given guidelines to frame questions in such a way that at least 30% of the questions can be attempted by any candidate with good preparation for the board examinations.
